<input type="checkbox"/>	<p>YES, I am interested in applying for an on-farm welfare assessment. I understand that I will have a pre-screening visit by VFO staff as part of my application and that the visit will be filmed.</p>
--------------------------	---

How many of each type of cattle do you produce each year?

Grain-fed veal (weaned off milk around two months of age and fed grain until finish)	
Bob calves to weaned/pre-conditioned calves (less than 136 kg/300 lbs)	
Weaned/preconditioned calves to finish (113 to 340 kg/250 to 750 lbs)	
Dairy beef (male Holstein calves raised for beef production)	

How are animals housed on your farm (individual stalls/pens, hutches, group housing including number per group, etc.)? Please indicate growing phase in each, for example, hutches for first eight weeks and groups of 20 from weaning to finish.

Describe your farm's strengths and weaknesses with respect to animal welfare, including management practices and facilities. For example, if you are interested in accessing Growing Forward 2 funding, what types of improvements are you considering?

<input type="checkbox"/> Yes	<input type="checkbox"/> No	Have you completed the veal husbandry practices survey mailed out in June 2016?
------------------------------	-----------------------------	---

RESPONSE REQUIRED NO LATER THAN AUGUST 15, 2016.
